

# SUSTAINABILITY RESULTANT

We're on the lookout for a rockstar Sustainability Resultant (X/V/M) who's ready to shake things up. Goodberries is a young company active in the field of sustainable strategy, finance and transitions. If you also want to make real impact, listen up!

As a Sustainability Resultant (32-36 hours a week), a consultant with lasting impact, you'll be the go-to person for financial institutions and companies who want to hop aboard the sustainability train. We don't care if you're a fresh grad or have 10 years of experience—what matters is your energy and drive to make a difference in entrepreneurial environment.

Here's what you'll be doing as our Sustainability Resultant:

- 🌱 Providing advice to financial institutions on how to set and achieve their goals with clients and real economy companies. Your ideas will be like seeds of change, ready to sprout into a greener future.
- 🌱 Working side by side with corporates to create custom-made sustainability frameworks and action plans. It's like being a stylist, but instead of clothes, you're dressing up businesses in sustainable practices.
- 🌱 Analyzing numbers and data to uncover the environmental and social impact of what our clients are up to. Our colleague Ivo masters this skill!
- 🌱 Staying ahead of the game by keeping up with sustainability trends, policies, and regulations.
- 🌱 Sharing your knowledge through captivating presentations and training sessions. Get ready to drop some sustainability wisdom bombs on our clients and stakeholders!
- 🌱 Collaborating with our amazing team to develop tools and resources that take our sustainability consulting services to the next level. Together, we'll be an unstoppable force for good!
- 🌱 Building strong relationships with our clients. You'll be their trusted advisor, guiding them on their journey to a brighter, greener future.

What we're looking for in our next Sustainability Resultant:

- ✅ A University degree in a relevant field like sustainability, environmental science, business, or finance. Show us your academic power!
- ✅ 0+, 5+ or 10+ years of experience in sustainability consulting, corporate sustainability, ESG analysis, or related fields. Passion counts as experience too, so don't be shy if you're a newbie!
- ✅ A solid grasp of sustainability frameworks, reporting methodologies, and buzzwords like CSRD and TCFD. You'll be dropping them like confetti at a sustainability party!
- ✅ Consultancy experience and/or familiarity with financial instruments, investment strategies, and risk management practices. Time to show off your finance-savvy side!
- ✅ Project management wizardry to handle multiple tasks, prioritize like a pro, and meet deadlines. Juggling flaming torches? Piece of cake!
- ✅ Top-notch communication skills. Powerpoint presentations will bow down to your storytelling abilities!
- ✅ Fluent in Dutch and English
